

Week Commencing 20th April 2020.

Hello everyone this is Mrs Callaghan, here is a music activity for you to carry out this week.

Music.

This is your opportunity to be a music critic. Below are a selection of well known pop songs by the Beatles. You need to choose three from the list and ask your grown up to find them on youtube and listen to them with you. You may need to listen to each one twice, the first time just taking the piece of music in, the second time with the questions to be answered in mind.

The pieces of music you can choose from are:

Blackbird

Yellow submarine

Hey Dude

Yesterday

Can't buy me love.

Questions you need to answer are:

How does the piece of music make you feel?

What is the tempo of the music, is it fast or is it slow?

What genre (type) of music do you consider the piece to be.

Does the music have lyrics with it?

Do you like or dislike the piece of music? Give reasons for your answer.

Give the piece of music a score from 1 to 10.

1 being low meaning you don't think it is very good and 10 being high.

Please keep the notes you make as we might compare on return to school.

Thanks have fun with this activity.
